

The Sportspark is delighted after the success of the Sportspark Summer Squash Tournament 2009 sponsored by Sheppards Removals & Storage. The tournament has run for 3 years now and continues to be popular.

The women's tournament took place in the morning, with the ladies battling it out to be crowned champion and take home the trophy.

Well done to Nicky Green who won the women's Squash Tournament 2009.

The Men's tournament took place in the afternoon. All players were guaranteed at least 3 matches to play and many played a lot more as they strived to make it through to the final. The players that made it through from the group stages found themselves in the final rounds. Here the stakes were higher as every game was a straight knockout for the loser.

Third place was awarded to Alex Williams the youngest player in the tournament, who has great potential for the future.

The final match was between Tommy Ruiz and Ian Brock. A well fought out game where Tommy came out on top to win 15-8.

Well done to Ian Brock who was awarded runner up.

Tommy Ruiz was crowned champion of the male Sportspark Squash Tournament 2009 with a well deserved victory.

Sportspark is looking to have another one in summer next year, so please look out on the website and around the centre for information around spring time 2010.
