

NHS TEST AND TRACE

The opening up of the economy following the COVID-19 outbreak is being supported by NHS Test and Trace.

To help contain clusters or outbreaks, NHS Test and Trace is intended to trace close recent contacts of anyone who tests positive for COVID-19 and, if necessary, notifies them that they must self-isolate at home to help stop the spread of the virus. You can read more about NHS Test and Trace here <https://www.gov.uk/guidance/nhs-test-and-trace-how-it-works>.

About your data

Sportspark is a registered data controller, and we will use the name and telephone number or email address you give us for the purposes of assisting with the NHS Test and Trace Service where it is appropriate to do so.

Our legal basis for processing your data is listed in Article 6(1)(e) – that processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller

The information you provide will be shared with NHS Test and Trace in response to an authorised request for data as part of NHS Test and Trace contact tracing for individuals diagnosed with COVID-19.

The data will be collected from you and retained in line with our Data Protection Policy.

For further information on how we use your data, see our privacy notice which is available on our website.
